February exhibitions and the new e-Envelope

We had a great time in February exhibiting at NEC Birmingham for Packaging Innovations 2023, and the eCommerce Packaging and Labelling Expo at ExCeL London. Our stand, constructed entirely from corrugated cardboard and printed in-house at our Milton Keynes site, attracted lots of attention from new and familiar faces alike!

We were proud to have our brand-new innovative product, the **e-Envelope**, shortlisted for the Packaging Innovations Product Innovation Gallery!

This exclusive Reedbut Group corrugated cardboard pack can be printed inside and out in a single pass. Flat or thin items remain well-protected during transit,

with extra rigidity built in to keep important contents secure. Tape-free, plastic-free, and completely recyclable, the e-Envelope also features a self-locking mechanism, making it 100% tamper-evident.

Our EcoVadis Award

We're delighted to announce that we have received an EcoVadis bronze award for sustainability!

EcoVadis are the world's largest provider of business sustainability ratings, helping us collaborate on sustainability and improve our performance as we continue to work towards becoming carbon neutral.

We're very proud to have been awarded this bronze status for 2022, in recognition of our commitment to the environment with everything we do. To find out more about our dedication to protecting the planet and reducing our environment impact, you can visit our website.

Coming soon - a new look for Milton Keynes!

Big changes are on the cards this summer for our Milton Keynes site; we're planning to renovate our factory to increase the level of automation. This will improve our material handling and provide greater efficiency.

Keep an eye out for more updates on the renovations nearer the time! We're really looking forward to being able to streamline our manufacturing processes.

To keep up with everything that's happening at Reedbut Group, you can also follow us on [LinkedIn](#) and [Instagram](#).

If you'd like to discuss your packaging needs and discover what we can create for you, please don't hesitate to get in touch!
