Award-winning products

This September at London Packaging Week 2023, we launched our newest packaging solutions - the [eReturn](#) and the [eSecure](#)!

Both boxes are plastic-free and 100% recyclable, offering exclusive innovations in eCommerce packaging. The **eReturn** is a unique returnable box designed to ease the way for customers, with a tape-free double-lock system to ensure products remain secure. We were very proud to win the **London Packaging Week Innovation Showcase** with this fantastic sustainable product!

The new **eSecure** is designed to keep phones, tablets, and other tech items securely protected. This tape-free protective packaging solution utilises custom cardboard internal fittings, minimising empty space and reducing movement during transit.

Alongside our other exclusive innovations, these new boxes add even more options for bespoke packaging that keeps products safe and offers a unique branded unboxing experience for your customers.

Our Macmillan Coffee Morning

On October 2nd, the Milton Keynes Reedbut team got together to serve up some delicious cakes and bakes, with the aim of supporting the World's Biggest Coffee Morning for Macmillan.

With tasty cupcakes, brownies, scones and more on offer, we managed to raise over £200 for this fantastic charity!
